**Project Name:** Nevada Derby 25 /50

**Project Description:** NASTR has submitted a five year permit renewal to conduct an annual horse endurance ride in north Hungry Valley. NASTR previously operated this event in the area under a five year permit and maintained a good record of permit compliance. The two day event is typically held in late March/early April. This year the proposed event date is scheduled for March 31-April 1, 2012. Endurance courses are generally 25-50 miles long with a combination of various loops that accumulate the ride mileage. The proposed event would utilize approximately 52 miles of established dirt roads. Of the estimated 52 miles of proposed course, approximately 10% are located on private land. Up to five water stops utilizing portable 50 gallon "Rubbermaid" type tanks would be stationed along the course (see map). The loops are flagged in different colors and directional arrows are drawn using white flour on the ground. Flagging is removed immediately following the event. All camping, parking and the start/finish are located on private land off Rangeland Road (located east of Winnemucca Ranch Road). The event typically draws 50 - 100 participants and up to 20 spectators. GIS shape-file data for this project is located in: T:\NV\GIS\_Work\CCDO\Project\Recreation\SierraFront\Horse Endurance\NASTR
